

## MBead Buffy Coat Genomic DNA Kit (Magnetic Beads Based)

### Identification of the product / Substance and of the company

Product Name: MBead Buffy Coat Genomic DNA Kit (Magnetic Beads Based)

Catalogue number of the product: PDM01-0100(S)

Use of the product: For laboratory use.

Company identification: BIO-HELIX Co.,LTD.

Site: <http://www.bio-helix.com>

E-mail: [info@bio-helix.com](mailto:info@bio-helix.com)

### Composition / Information on ingredients

Ingredient:

|                |  |                 |
|----------------|--|-----------------|
| Lysis Buffer   | 5-10% Guanidine Hydrochloride                            | CAS-No. 50-01-1 |
| Wash Buffer    | 10-15% Propan-2-ol                                       | CAS-No. 67-63-0 |
| Magnetic Bead  | No hazardous substances in concentrations to be declared |                 |
| Release Buffer | No hazardous substances in concentrations to be declared |                 |

Other components:

Components not listed here are not dangerous or their concentrations do not exceed the limits specified in the EU directive 1999/45/EC.

### Hazards identification

Guanidine Hydrochloride:

Signal word: Warning

Acute oral toxicity: Category 4

Acute inhalation toxicity: Category 4

Skin irritation: Category 2

Eye damage/eye irritation: Category 2A

Hazard statements: Cause eye irritation. Harmful if swallowed.

Precautionary statements: Wear protective gloves/ protective clothing/ eye protection/ face protection.

Storage: Store in a well-ventilated place.

Other hazards: None known.

Propan-2-ol

Signal word: Danger

Eye damage/eye irritation: Category 2A

Hazard statements: Cause serious eye irritation.

Precautionary statements: Wear protective gloves/ protective clothing/ eye protection/ face protection.

Keep away from heat, sparks, open flames, hot surfaces.

Storage: Store in a well-ventilated place.

Other hazards: None known.

## First Aid Measures

Guanidine Hydrochloride:

In case of eye contact:

Immediately rinse out with plenty of water for at least 15 minutes, occasionally lifting the upper and lower eyelids. Get medical aid.

In case of skin contact:

Remove contaminated clothing and shoes. Immediately flush skin with plenty of water for at least 15 minutes. Get medical aid.

If inhaled:

Remove from exposure and move to fresh air immediately. If necessary, also oxygen.

If swallowed:

Give large amounts of water to drink. Never give anything by mouth to an unconscious person. Get medical attention.

Propan-2-ol

In case of eye contact:

Immediately rinse out with plenty of water for at least 15 minutes, occasionally lifting the upper and lower eyelids. Get medical aid.

In case of skin contact:

Remove contaminated clothing and shoes. Immediately flush skin with plenty of water for at least 15 minutes. Get medical aid.

If inhaled:

Remove from exposure and move to fresh air immediately.

If swallowed:

Give large amounts of water to drink. Never give anything by mouth to an unconscious person. Get medical attention.

## Fire-fighting measures

Extinguishing media: Use water spray, alcohol-resistant foam, dry chemical, or carbon dioxide.

Decomposition: Dangerous decomposition is not anticipated.

## Accidental release measures

Actions to be taken on spillage: Dilute spilled liquids with plenty of water and adsorb.

Absorbent material: No restriction.

Actions to be taken to limit Damage: Special measures to limit damage are not necessary.

## Handling and storage

Advice on safe handling: Open and handle vessels carefully. Avoid contact with skin and eyes.

Storage condition: Keep container tightly closed. Store at room temperature.

Storage procedures: Do not store together with acids.

## Exposure controls / personal protection

Respiratory protection: No personal respiratory protective equipment normally required.

Eye protection: Safety glasses

Hand protection: One-way gloves

Hygiene measures: Wash hands before and after use.

## Physical and chemical properties

|                |              |                                    |                       |
|----------------|--------------|------------------------------------|-----------------------|
| Lysis Buffer   | Form: liquid | Miscibility with water: immiscible | pH: 4.5               |
| Wash Buffer    | Form: liquid | Miscibility with water: immiscible | pH: 5.0               |
| Release Buffer | Form: liquid | Miscibility with water: immiscible | pH: 8.5               |
| Magnetic Bead  | Form: liquid | Miscibility with water: immiscible | pH: No data available |

## Stability and reactivity

Stability: Stable under normal conditions.

Reactivity: Stable under normal conditions.

Conditions to avoid: Reacts with alkalis and oxidizing agents.

Hazardous decomposition products: Danger of toxic pyrolysis products.

## Toxicological information

Guanidine Hydrochloride

Acute oral toxicity: LD50 rat 475 mg/kg

Skin corrosion/irritation: Irritations.

Eye damage: Causes serious eye damage.

Propan-2-ol

Acute oral toxicity: LD50 rat 5,840 mg/kg.

Skin corrosion/irritation: rabbit – No skin irritation – 4 hrs.

Eye damage: Causes eye irritation.

Skin corrosion/irritation: rabbit – Cause burns.

## Ecological information

May be harmful to aquatic. Avoid release to the environment.

## Disposal considerations

Waste disposal route: Used reagent can be disposed in accordance with local regulations. Disposal of empty packaging: Dispose of empty packs by local recycling or waste disposal routes. Clean thoroughly prior to disposal.

## Transport information

Special precautions: None known.

Proper shipping name: Not dangerous goods according to transport regulations.

National transport regulations: No additional national transport regulations are known to the supplier.

IMDG: Non-hazardous for sea freight.

ADR: Non-hazardous for road transport.

RID: Non-hazardous for rail transport.

ICAO/IATA: Non-hazardous for air transport.

## Regulatory information

SARA (Superfund and Reauthorization Act)

Section 355 (extremely hazardous substances): None of the ingredients are listed.

Section 313 (Specific toxic chemical listings): None of the ingredients are listed.

TSCA (Toxic Substances Control Act): All ingredients are listed.

Proposition 65

Chemicals known to cause cancer: None of the ingredients are listed.

Chemicals known to cause reproductive toxicity: None of the ingredients are listed.

## Other information

The above information is believed to be correct but does not purport to be all-inclusive and shall be used only as a guide. PureDireX (Bio-Helix) shall not be held liable for any damage resulting from handling or from contact with the above product.
